To Whom It May Concern:

The bearer of this letter is an employee of the Florida's Turnpike Enterprise (FTE) or one of its consultants, which includes Florida's Turnpike Services and Area USA. The roles of this employee in providing support through fuel service, food service, maintenance or engineering is critical to the transportation route which Florida's Turnpike provides as an evacuation or return route during periods of emergency. As such, they should be permitted to pass through checkpoints related to curfews when traveling on work related matters.

All Turnpike employees and their consultants are issued appropriate identification and should present their credentials in combination with this letter. The intent of this letter is to allow FTE employees and their consultants to travel to and from their work assignment on Florida's Turnpike in direct support of Turnpike operations.
